

# MEMBERSHIP *in* USAEE

**The United States Association for Energy Economics (USAEE)** is a professional organization whose purpose is to advance the understanding and application of economics across all facets of energy development and use.

## BY JOINING, YOU RECEIVE ▼

### Professional Identification

- Membership within the country's leading association of energy economics professionals – over 1,000 strong

### Journals & Newsletters

- The Energy Journal
- USAEE Dialogue
- The Energy Forum
- Economics of Energy & Environmental Policy

### Annual Conference Access

- Discounted member registration fees
- Speaking and presiding opportunities

### Networking

- Interaction with other energy economists in the U.S. and abroad, and through Facebook
- Active chapters in several major U.S. cities

### Directories

- USAEE Membership Directory
- Online International Membership Directory

### Energy Career Opportunities

- Post and scan resumes
- Post and scan job openings

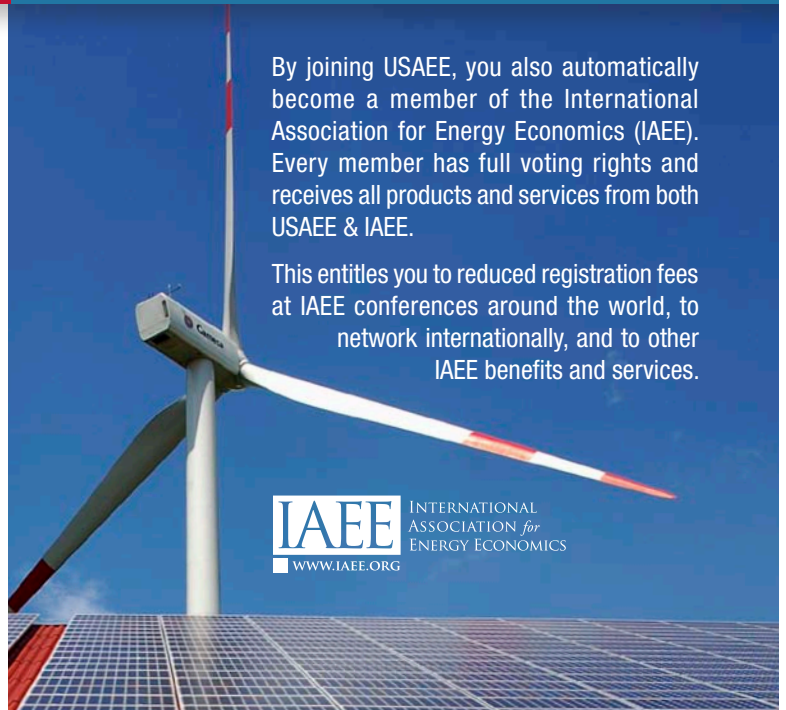

### Student Programs

- Best Paper awards
- Conference registration scholarships

## AUTOMATIC MEMBERSHIP *in* IAEE

By joining USAEE, you also automatically become a member of the International Association for Energy Economics (IAEE). Every member has full voting rights and receives all products and services from both USAEE & IAEE.

This entitles you to reduced registration fees at IAEE conferences around the world, to network internationally, and to other IAEE benefits and services.
